

Prototype Coverage & Traceability - Diagram 5

(Supporting Services and Analytics)

Performed by: Lưu Chí Hải | Reviewed by: Nguyễn Gia Quốc Uy | Edited by: Lưu Chí Hải

This document maps the flows in the Use Case Specifications to their corresponding Prototype Evidence (screenshots), ensuring compliance with the project's Traceability Validation Rules.

Principle Note:

- 1 Use Case ≠ 1 unique screen. Base screens are reused across multiple Use Cases and alternative flows by changing minor states or components.
- To enhance the evaluation and demonstration of this diagram, an interactive HTML prototype ([Hai-Prototype.html](#)) containing live states and role switching for all Diagram 5 use cases has been included in the folder same with this file.

Diagram 5 Scope: Supporting Services and Analytics

This section covers the 9 use cases categorized under the Supporting Services and Analytics domain:

Use Case ID	Use Case Name
UC-SCR-01	Execute Hybrid Candidate Screening
UC-SCR-02	View Candidate Score and Explanation
UC-SCR-04	Retry Failed Scoring
UC-NOT-01	Receive Event Notification
UC-NOT-02	Manage In-App Notifications
UC-NOT-03	Retry Failed Notification Delivery
UC-ANL-01	View Company Recruitment Analytics
UC-ANL-02	View Platform Analytics
UC-ANL-03	Export Authorized Data

Coverage Matrix

Use Case ID	Specification Flow	Prototype Evidence (Filename)	State / Reuse
UC-SCR-01	Basic Flow: System initiates scoring	UI_01_Scanning_State.png	Evaluation base screen + Loading spinner

Use Case ID	Specification Flow	Prototype Evidence (Filename)	State / Reuse
UC-SCR-01	Basic Flow: Scoring completed successfully	UI_01_Ready_State.png	Evaluation base screen + Score 85/100 & Explanation
UC-SCR-01	Alternative Flow (AF): Scoring failed	UI_01_Error_State.png	Evaluation base screen + Red error message "System failed"
UC-SCR-02	Basic Flow: Recruiter views score & explanation	UI_01_Ready_State.png	(Reuse UI_01_Ready_State.png of UC-SCR-01)
UC-SCR-02	AF: Candidate pending score / Hide confidential data	UI_02_Hidden_Score.png	Application screen (Candidate view) + Hidden score card
UC-SCR-04	Basic Flow: View error details and select Retry	UI_01_Error_State.png	(Reuse UI_01_Error_State.png) + "Retry AI Scoring" button
UC-SCR-04	Basic Flow: Retry process in progress	UI_01_Retry_Progress.png	Scanning state + Toast notification "AI is retrying..."
UC-NOT-01	Basic Flow: Receive in-app alert notification	UI_03_Dropdown_Alert.png	Dropdown menu from the bell icon
UC-NOT-01	Basic Flow: Receive toast notification	UI_03_Toast_Alert.png	Toast notification at the bottom corner
UC-NOT-02	Basic Flow: View list and status (Read/Unread)	UI_03_List_Unread.png	Notifications tab base screen + Unread red dot
UC-NOT-02	AF: No notifications (Empty)	UI_03_Empty_State.png	Notifications base screen + Empty State icon "You're all caught up"
UC-NOT-03	Basic Flow / AF: Record error and auto-retry	UI_05_Gauge_Fail_Rate.png	"Notification Delivery Rate" card on Admin Dashboard

Use Case ID	Specification Flow	Prototype Evidence (Filename)	State / Reuse
UC-ANL-01	Basic Flow: View company analytics	UI_04_Company_Dashboard.png	Company Analytics base screen + Donut/Funnel charts
UC-ANL-01	AF: Not enough data to display	UI_04_No_Data.png	Analytics base screen + "Not enough data" block
UC-ANL-01	AF: User lacks access permission	UI_04_Unauthorized_State.png	(Illustrated by disabled Export button)
UC-ANL-02	Basic Flow: View platform analytics	UI_05_Admin_Dashboard.png	Admin Dashboard base screen + Traffic/AI Success charts
UC-ANL-02	AF: System issue warning	UI_05_Admin_Banner.png	Admin Dashboard + Red banner "High failure rate detected"
UC-ANL-03	Basic Flow: Select data export format	UI_04_Export_Menu.png	Dashboard with data + Dropdown menu for CSV/PDF
UC-ANL-03	AF: Permission denied to export data	UI_04_Export_Disabled.png	(Reuse UI_04_Unauthorized_State.png) Disabled/locked button
